Open House at CoCreate at 8th & Congress: Monday-Friday, 10am-6pm, June-July 2011.

Free beta test drive: Take a free half-day test drive to see the benefits of coworking, meeting and networking with peers in the creative professions in an environment where art meets tech.

Ideal for freelancers, startups and small businesses: With flexible, no-commitment, no membership-fee pricing plans by the day, week and month, coworking and shared working environments take a professional leap beyond working and meeting in coffee shops.

Coworking and shared meeting space offers potential: Flying solo? Coworking means collaboration, networking, learning, new business opportunities, sharing resources, accessing business center amenities and getting out of the house (and away from the coffee shop grind).

Business and creative amenities include state-of-the art Macs; 58" plasma HDTV for keynote presentations, videos, slideshows; on demand in-house wide format Epson Pro 9900 printing; access to Adobe Creative Suite software and iPad loaded with paid painting, photo and keynote apps; support for graphic and web design, marketing, advertising, printing and social media. Flexible coworking space for up to 20; seating for seminars and workshops for 30.

About CoCreate at Austin Details Art & Photo, Where Art Meets Tech:

Austin's downtown visual arts events and coworking space (at 8th & Congress) is an interactive, energetic, creative experience where art creators and art enthusiasts connect. Original art and photography is dynamically presented on our 17' walls, on our 58" new media HDTV display with continuous slide shows and videos. Our art, creative events and pro services for photographers and artists (including fine art archival printing), attract a creative audience and the energy is contagious. Austin Details Art + Photo is home to the on-going [Vanishing Austin](#) photography series created by founder | director Jann Alexander.
